

30Mar22 Update

PP4 owners,

If you have submitted your input, "THANK YOU" if not, please do so as the survey will end Thursday at 9:pm.

Click on the button below.

For the first choice, a designer put the color scheme together based on input from several ladies from building 360 and 340.

For the second choice, I took the colors that were sent to me and had the Sherwin Williams design team put the colors on our building.

**\*\* Building 340 will be painting their building at the same time using colors like number 1.\*\***

Here is what I need from everyone in the building.

Click on the button below and submit your preference by choosing the design you would like.

Once I have the votes back, I will send out one last e-mail on the selected choice. A vote on one color is needed to approve the color change. We will need to get 75% responses back in favor of the change. If get enough votes on the first reply to satisfy the count the second e-mail will not be necessary.

I will keep all e-mails for verification of the count.

Thanks,

Art
