

NOISE ABATEMENT

The concrete construction of our building allows sounds to be easily carried throughout the building.

In many cases, the individuals making the noises are unaware that the sounds are being carried beyond the confines of their own unit and may be disturbing others.

Compliance to the following is requested by all owners, renters and guests between the hours of 10:00pm and 8:00am.

Please open and close the sliding glass doors to your lanai very slowly. Consider having your rollers changed.

Please keep the conversation volume level low on the lanai.

Please keep the volume of TV's, sound systems, and musical instruments low.

Please do not drop heavy, solid items down the trash chute.

Please do not roll carts, suitcases or other rolling objects after 10:00pm.

Please walk quietly inside your unit and on the walkways.

**Please open or close electrically operated shutters only when necessary.
Please open after 7 AM**

Please close front door quietly, do not slam.

Please consider installing plastic sliders if you have chairs, stool, or tables on ceramic floors.
